Ashland, WI

MOCC

TBA with

dave-wedan@fws.gov

Contact Dave Wedan to register asap. Registration deadline=August 1, 2008

Jeff Lockington

Lodging and logistical information will be sent to successful applicants

Course location may change by regional need, and is subject to cancellation if not filled. Early registration is encouraged.

***All courses will be filled on a first come, first served basis unless otherwise noted, so early registration is strongly recommended.

Scheduled courses may be cancelled if not filled. There are no tuition costs, but participants or their stations are responsible for their travel and per diem. Registrants are expected to fulfill all obligations of course attendance, and last minute cancellations for other than emergency situations are discouraged. The basic "motorboat operator certification course" MOCC, is a prerequisite to taking the Airboat and/or Open Water courses.

***Contact the Regional MOCC Coordinator (dave_wedan@fws.gov), for courses available in other regions, or check the NCTC Training Website.

MOCC Refresher "Practical-Portion" Option 1: On-The-Water Check-Off

This option is one of the three available, after successfully completing the DOI learn on-line classroom portion.

If selecting this practical option, choose location and register asap, or request additional Refresher info by e-mail:

See attachments: Course Descriptions, R3 MOCC Refresher, 5yr Refresher Completion Form.

Date(s)	Location	MOCC Training Offered	Contact
<i>These dates and locations are for MOCC Refresher on-the-water practical proficiency exercise only, in an effort to limit student and instructor travel. Early registration is essential for planning purposes.</i>
