

Help Preserve and Protect Our Natural Resources!

The U.S. Fish & Wildlife Service leads the national effort to protect and restore America's irreplaceable wildlife resources. The diverse and unique wildlife and ecosystems of the Service are a part of this nation's rich natural heritage which we are working hard to safeguard for future generations.

The Service is currently engaged in activities worldwide. From the Arctic Ocean to the South Pacific,

from Maine to California, the Service manages more than 90 million acres of important wildlife habitat.

You can contribute to the enhancement of our nation's natural resources.

Explore the many rewarding employment opportunities available in the U.S. Fish & Wildlife Service.

A challenging career awaits you as a:

- General Biologist
 - Wildlife Biologist
 - Fishery Biologist
 - Refuge Operations Specialist
