

## Wildland Fire References

- ❖ **FWS FIRE MANAGEMENT HANDBOOK.** The FWS Fire Management Handbook is a program reference guide that documents the standards for operational procedures and practices for fire management activities in the U. S. Fish and Wildlife Service.  
<http://www.fws.gov/fire/handbook/index.shtml>
  
- ❖ **INTERAGENCY STANDARDS FOR FIRE AND FIRE AVIATION OPERATIONS (Redbook), National Interagency Fire Center.** States, references, or supplements policy for Bureau of Land Management, Forest Service, Fish and Wildlife Service, and National Park Service and fire aviation program management. [http://www.nifc.gov/policies/pol\\_intgncy\\_guides.html](http://www.nifc.gov/policies/pol_intgncy_guides.html)
  
- ❖ **621 FW 1: FIRE MANAGEMENT PROGRAM.** Provides policy for U.S. Fish and Wildlife Service (Service) staff, volunteers, and contractors performing duties related to our wildland fire management program (including planning, preparedness, training, response, post-fire rehabilitation, and prescribed fire). <http://www.fws.gov/policy/621fw1.html>
  
- ❖ **243 FW 2: SPECIAL PURPOSE TRUCKS.** This Service chapter establishes safety requirements for special purpose trucks. Special purpose trucks include fish distribution, fire, and dump trucks. <http://www.fws.gov/policy/243fw2.html>
