NCTC Mission Statement

To conserve fish, wildlife, plants, and their habitats through leadership in:

- Training and developing USFWS employees and the broader conservation community.
- Enhancing education and outreach to engage the public as partners in conservation.
- Fostering organizational effectiveness and collaboration among diverse interests.
- Preserving and sharing the history of the USFWS and the American conservation legacy.

Course Listing

Environmental Education

Our Environmental Education Curriculum Strand focuses on environmental education best practices and demonstrates how environmental education serves as a resource management tool for the USFWS. We partner with the University of Wisconsin-Stevens Point to offer on-line courses to Service employees by covering the cost of non-credit fees.
