CSP3129 - Inland Oil Spill Response for DOI

Course Code	CSP3129
Course Title	Inland Oil Spill Response for DOI
Description	<p>The purpose of the training is to prepare agencies within the Department of the Interior to plan for and respond to inland oil spills. Participants learn agency roles in inland oil spills affecting resources under the trusteeship of the Department of the Interior. Response procedures are described for inland and fresh water environments. Emphasis is placed on planning for an emergency response and coordinating the multi agency response within the Incident Command System as led by EPA.</p> <p>Topics covered include: regulations under OPA 90; Area Contingency Plans; NRDA response coordination; science of oil spills; shoreline cleanup assessment technique (SCAT); health and safety requirements for spill response; wildlife rescue and rehabilitation operations; and emerging risks. An in-depth Incident Command System (ICS) spill drill exercise will expose participants to several roles in all aspects of coordination, communication, and decision making using guidelines and authorities of ICS. Working effectively with Tribes and State partners will be emphasized. Participants with current HAZWOPER certification can obtain their required OSHA 8-hour refresher training for hazardous waste workers during this course.</p> <p>Selected Objectives:</p> <ul style="list-style-type: none"> • Describe spill response, oil behavior, and cleanup techniques. • Learn OSHA training and safety requirements for spill response workers. • Understand the roles and responsibilities of DOI Bureau personnel in spill response and how DOI coordinates during an incident. • Operate effectively within a SCAT team. • Demonstrate spill-response reporting procedures required by the Department of the Interior. • Demonstrate all knowledge skills necessary to be performed by DOI Bureau personnel before, during and after an inland spill incident. <p>Target Audience:</p> <p>Department of Interior personnel whose responsibilities include overseeing, planning, or participating in an inland spill response.</p> <p>NOTE: Participants will be placed on a wait list when registering for this class. A DOI bureau training review representative will select participants from a waiting list in DOI LEARN to enroll.</p> <p>***To register for any of the scheduled classes please contact either your Bureau IOSPP Workgroup Member or the contact person identified for each class.***</p> <p>IOSPP Workgroup Members</p> <p>Bureau/Office Representatives</p> <p>BIA - BJ Howerton – bj.howerton@bia.gov BLM – Ronald J. McCormick - rmccormi@blm.gov BOR – Lance Marbut – lmarbut@usbr.gov FWS – Barry Forsythe – barry_forsythe@fws.gov OEPC – Pasquale Scida – pasquale_scida@ios.doi.gov ORDA – Anthony Velasco – Anthony_velasco@ios.doi.gov USGS - Tony Hinck – jhinck@usgs.gov NPS – Dave Anderson – d_l_anderson@nps.gov</p>
Delivery Method	Instructor Led

Non-FWS Fee	\$995.00
Instructional Hours	36
Credits/CEUs	3.0
Course Content Contact	Gary Schetrompf: gary_schetrompf@fws.gov;
Curriculum Category	Safety and Emergency Response
Registration Link	Register in DOI Talent
DOI TALENT Course Type	ILT
College Credit Name	Semester Hours
College Credit Value	2

Schedule: CSP3129 - Inland Oil Spill Response for DOI

Start	End	Session Information	Location	Session Contact
1/27/2020	1/31/2020	For registration questions: michele_atha@fws.gov	National Conservation Training Center (NCTC)	michele_atha@fws.gov
5/18/2020	5/22/2020	For registration questions: michele_atha@fws.gov	Lakewood, CO	michele_atha@fws.gov
