CSP7304 - FWS GeoSpatial Training Workshop

**Course Code** | CSP7304
---|---
**Course Title** | FWS GeoSpatial Training Workshop

**Description**

**Target Audience:** Intermediate to advanced geospatial practitioners

**Summary and Objectives:** This event is an opportunity for intermediate to advanced geospatial practitioners to receive focused, hands-on training clinics that would not otherwise be offered at NCTC. In addition to the training modules, the Workshop will incorporate plenary lectures, lightning rounds, and “What’s New” software demonstrations. Lecture topics range from geospatial data management updates to FWS briefings on Regional and National program efforts.

The Workshop will also include agency program breakout meetings and mapping/poster sessions hosted within the NCTC gymnasium.

Upon completion of this course, participants will be able to:

- Cultivate professional and collaborative relationships;
- Discover new program initiatives within FWS;
- Share knowledge, expertise and perspectives among your contemporaries and subject matter experts; and
- Receive training on the latest geospatial software, equipment, and technology applications.
