SAF4R02 - MOCC - Motorboat Operator Refresher

Course Code	SAF4R02
Course Title	MOCC - Motorboat Operator Refresher
Description	<p>Summary and Objectives: The refresher training provides motorboat operators with updated information on new equipment, trends, and techniques in watercraft operation. It also provides a check of the operator's skills to ensure that individuals are able to safely operate motorboats in their expected work environment. The refresher training includes two modules:</p> <ol style="list-style-type: none">1. Online instruction that assesses the operator's knowledge of safe boating, and2. Self-certification of the operator's practical skills and abilities to operate a motorboat. <ul style="list-style-type: none">• Significant proven and safe operation of motorboats since completing the MOCC. This may be selected if the individual operates boats regularly as a normal part of their job.• Hands-on demonstration of boating exercises in the presence of a DOI certified instructor. This should be selected if the individual operates boats occasionally as a normal part of their job.
